## "GREENY CAP"

### UNIVERSAL SILICONE PIPE STOPPERS WITH BACKING GAS TRANSIT

The "**Greeny Cap**" are THE solution for closing the ends of pipes for filling the pipe with BACKING GAS. Due to the CONICAL shape - both on the OUTER side and the INSIDE side - these are widely applicable for multiple diameters.

#### The advantages:

- Flexible.
- Conical.
- 100% NON-TOXIC SILICONE.
- Fast, easy and clean to use.
- Temperature resistant up to 220° C - short term up to 250° C.
- Easy !! With 3 Greeny Caps all diameters between 9 and 114.3 mm.

#### Types:

- GC-01 - Diameters 9 - 38 mm.
- GC-02 - Diameters 20 - 70 mm.
- GC-02-S - Diameters 20 - 69 mm. - SHORT version
- GC-03 - Diameters 60 - 110 mm.
