## Pipe stoppers type 1020 Multi

**Closing plugs for temporarily closing pipes.**

The closing plugs can generally withstand little pressure and should preferably be used in unpressurized pipes.

Steel pressure plates and ring, the passage is closed with a closing plug.

The stopper is clamped by tightening several bolts.

Size:	Range minimum	Range maximum
18"	437 mm	463 mm
19"	462 mm	488 mm
20"	487 mm	513 mm
22"	546 mm	571 mm
